

Gold Judge Letter of Appreciation (11+ projects)

Nigel Dsouza

Thank you for being a Judge for Technovation Girls.

As a Judge, you play a pivotal role in building participant's understanding of technical concepts. Contributing to the realization of Technovation Girls' mission to empower girls to become leaders, technology innovators and real-world problem solvers.

You contributed to over 14,500 scores, globally, across both rounds of judging in Technovation Girls for over 3,200 team's projects that explored technical solutions to social problems in their local or global community. Girls will use your feedback to take their ideas and new found understanding of their communities to new heights. And they will continue their learning in technology and entrepreneurship to be the leaders we need today!

Your guidance has supported girls' work towards their visions for cleaner, safer, and more just communities.

In your role as a Judge, you have contributed over 7 hours towards reaching the United Nations Sustainable Development Goals 4, Quality Education, and 5, Gender Equality.

We feel very honored that you took the time to join the girls' journey, and we hope this is just the beginning. Thank you for your time, effort, and tireless support this season as a judge and champion for girls discovering all they are capable of!

We appreciate you!

Gold Judge

CERTIFICATE OF RECOGNITION

**Empowering girls to become
leaders, technology innovators
and real-world problem solvers**

IS AWARDED TO

Nigel Dsouza

For their dedication to providing personalized and actionable feedback on 11+ technology based projects in the Technovation Girls 2025 program season. This feedback will further enrich Technovation Girls participants' learning journeys.

A handwritten signature in black ink that reads 'Tara Chklovski'.
